Professional Summary

Tech-driven and detail-oriented Computer Science and Engineering student with knowledge of programming, machine learning, deep learning, web development, and competitive coding. Strong foundation in problem-solving and analytical thinking, with hands-on experience in full-stack development and database technologies gained through internships. A confident communicator and team player with leadership and project-management experience, focused on building practical, production-grade technology solutions.

Experience

Intern — South Eastern Railway

Garden Reach, West Bengal, India | On-site

July 2026 – Present

- Selected for the competitive Summer Internship Programme in I.T. & Computer Science at South Eastern Railway.
- Worked hands-on with Oracle Database, writing and optimizing SQL queries to support enterprise IT operations.
- Analyzed enterprise database systems to support day-to-day IT operations and internal reporting workflows.
- Technology:** Oracle Database

Intern — ARMB

Remote

January 2026 – Present

- Developed full-stack application features using Python and modern web development tools as part of the engineering team.
- Collaborated with team members on ongoing software and web development initiatives, from planning through implementation.
- Contributed to full-stack development activities spanning both frontend and backend components.

Education

MCKV Institute of Engineering, Liluah, Howrah

August 2023 – April 2027

Bachelor of Technology (B.Tech), Computer Science and Engineering (CSE)

- Strong foundation in Algorithms using Java.
- Knowledge of Machine Learning and Deep Learning.
- Leadership and project-management experience through teamwork.

Elite Co-Ed (Higher Secondary), Bandel

January 2010 – May 2023

WBCHSE (PCMB), 2021 – 2023 • WBBSE, 2010 – 2021

Projects

Code and Rise

- E-commerce and digital marketing related project.
- Tech Stack:** HTML, CSS, JavaScript, Node.js, React.js, Tailwind CSS, QRjs

Agri-Guru

- Comprehensive supply chain and drug verification platform using secured QR tracking.
- Tech Stack:** HTML, CSS, JavaScript, Node.js, React.js

Technical Skills

- Programming Languages:** Java, Python, C
- Web Development:** HTML, CSS, JavaScript, React.js, Node.js, Tailwind CSS
- Database:** Oracle Database
- AI / Machine Learning:** Machine Learning, Deep Learning
- Other:** Competitive Coding, Algorithms, Problem Solving

Soft Skills

Leadership • Teamwork • Time Management • Communication • Analytical Thinking • Project Management • Problem Solving
